

ISSI Conference, Yerevan, 23-27 June 2025

Poster Session: Instructions for poster presenters

Please take note of the following information concerning the poster presentation at the ISSI conference. These instructions will assist poster presenters to prepare as well as present their posters.

- ✓ There will one poster session during ISSI 2025 between 16:30 and 18:00 on Wednesday 25 June.
- ✓ General Instructions for the session:
 - (a) From the first day of the conference all posters should be mounted in the poster hall and may remain on display until the last day (26 June), after which they must be removed..
 - (b) Authors of posters should consider the following instructions for setting up their materials:
 - Available space: The poster size should be A0 (841 x 1189 mm) in portrait orientation
 - Hang your poster in the board assigned to you.
 - There will be available double face tapes to fix the poster on the board or, if you prefer, build your poster with a string at the upper part of it so that you can hang it properly on the board.
 - You may include your photograph in your poster.
 - Please be present in front of your poster(s).
- ✓ Materials must remain displayed during the conference till the end of presentation session. Immediately after the poster session, authors must remove all their materials from the board. ISSI 2025 will not be responsible for material left in the room after the presentation session.
- ✓ ***Be prepared for a lively and busy time of quality academic interaction in this ISSI 2025 Poster Session! Remember that illustrative materials in your poster should be bold enough to be read by the audience. Also, turn your idea into a succinct message that is attractive, self-explanatory and eye catching. Make it easy for the audience to interact with you!***
- ✓ We recommend the following website for getting some tips on poster preparation and templates:
